

Thrive/ P.S.H.E

Our Thrive learning this term will follow our action plan which has been created with the next steps for our right-time learning in mind.

In PSHE, our module is 'Changes'. As part of this module, we will be learning about how both everyday and big changes can make us feel and strategies to cope with changes. This will support us with our transition to secondary school.

British Values

This term we will revisit the Rule of Law. We will develop our understanding of law and order through our crime and punishment topic. We will use our 'We are All Born Free' book to explore the human rights which link to the Rule of Law Value.

Key Texts / Literacy

In writing, we will write an extended narrative based on the short film 'Catch A Lot'. In reading, we will read an extract from 'Rooftoppers', 'The Wolf Wilders' and the song 'Fast Car'.

Art / Music / DT

In Music, we will be learning about the baroque period.

Maths

This half-term, we will continue to develop our arithmetic skills and will be focussing on shape, position and direction.

Safeguarding

Our Safeguarding assemblies will focus on areas such as peer pressure, refugees, homelessness and extremism. We will also complete a variety of first-aid learning including: bites, allergies and asthma. We will also complete work towards our Sunsafes Award.

Audience / Community

If possible, we will have our yearly visit from our road safety officer, and also a visit from the cybercrime and knife crime department in the police.

Key Skills

In preparation for our SATs, we will be developing our resilience and independence skills in all curriculum areas. We will also learn different strategies to help us cope with current changes and those we may experience in the future.

ECO

We will focus on living an environmentally friendly lifestyle by upcycling a variety of natural materials in our forest schools sessions.

Computing

We will learn how to program variables in games, and also what cyberbullying is and how to recognise this.

Science

Our Science topic this term is Animals including humans. Throughout this topic, we will be learning about the circulatory system, including: naming the main parts and describing their functions; recognising the impact of diet and exercise on our bodies and exploring the work of medical pioneers such as Alexander Fleming and William Harvey.

Humanities

In history, we will continue with the 'Crime & Punishment' topic.
In RE, we are exploring the question, 'What place does religion have in our world today?'

P.E.

This half-term, our outdoor sessions will focus on athletics and our indoor sessions will focus on gymnastics.

Year 6 Summer Term 1
