

Hallam Fields Junior School Governors' Impact Statement 2024/25

Introduction

At Hallam Fields Junior School, the Governing Body recognises the importance of identifying and demonstrating the impact of its own governance. The Governing Body consider this Impact Statement as an effective way to share the strategic work of the Governing Body, the contribution to, and the impact on continuous school improvement and development.

The Governing Body works to meet the requirement set nationally by Government for Governing Bodies, with due consideration to the policies of the Local Authority (LA).

The role of the Governing Body is a fundamental part of the leadership of the school, and we aim to make our school the absolute best that it can be for the benefit of all our pupils. We constantly strive to raise standards in accordance with Hallam Fields Junior School's vision statement:

"At Hallam Fields we want all children to Thrive. We aim to develop resilient and confident children by supporting them with their emotional and social development. We believe every child needs to feel valued and equipped with skills to be proud and ambitious in order to succeed."

The government requires the Governing Body to be a dynamic group of highly skilled individuals who focus on supporting the Headteacher and all the staff to shape the strategic direction of the school. As the Governing Body, we evaluate our role within the school to ensure that we, and the school, continually improve for the benefit of all our pupils – striving to give them the best start in life.

The Governing Body focus on five main objectives:

- 1) Teaching, learning and curriculum. Ensuring clarity of vision, ethos, and strategic direction, whilst holding the Headteacher and senior school staff to account for the educational performance of the school.
- 2) Child welfare and a safe environment. Working to ensure that the health and wellbeing of all pupils is considered, catered for, and maintained. Monitoring the efficacy of child and parent welfare measures via direct engagement with teaching staff, pupils, and parents.
- 3) Finance and revenue. Overseeing the financial performance of the school and ensuring the money is spent to the benefit of the pupils.
- 4) Buildings and environment. Ensuring that the infrastructure and learning environment are well maintained and conducive for the development of all the pupils.
- 5) Staffing. Ensuring that the correct staffing levels are maintained to support and deliver the curriculum. We provide a member of the Governing Body to assist the Headteacher during the process for hiring new staff, and also monitor the performance management of staff via the Headteacher's annual staff appraisals.

Impact of Full Governing Body meetings

The Governing Body meets as a whole board at least once per term, with Governors expected to attend the six planned Full Governing Body meetings throughout each school year. During these meetings we scrutinise policies, budgets and expenditure, school plans, resolution management and many other topics. Once we are satisfied that these are to the benefit of the pupils and the school, we will put their approval to a vote.

Each Governor is linked to specific areas within the school and conducts meetings with the leads for each area; and our preferred method for this process is via an in-school learning walk. A report is then written and presented at the next Full Governing Body meeting. This enables the Governors to be better informed and empowers them to hold leaders to account for standards in their area effectively.

The Governing Body reviews the School Improvement Plan at every meeting. This review ensures that there is evidence of continual improvement at the school, whilst also ensuring that the Plan remains flexible and responsive to support the ever-changing needs of the pupils.

Committees

Delegating aspects of our governance responsibilities to committees enables the Governing Body to remain strategically focussed on the agreed key areas of school development and work in an efficient way. It is decided which governors will join each committee by analysing governors' skills and experiences through a skills audit and assigning committee membership accordingly. Committee membership and the committee structure is reviewed at the beginning of each academic year.

We currently have the following committees in place:

- Performance Management – responsible for the Headteacher's annual appraisal.
- Staff Discipline – responsible for investigating disciplinary matters and complaints that involve the Headteacher.

Impact of Budget scrutiny

The school budget is reviewed and scrutinised in detail during full Governing Body meetings. This enables the Governing Body to assess the effect of pupil numbers on the budget and question deficit/surplus balances. The impact of this is that the Governing Body agrees and approves the school budget, in turn ensuring that finances are used efficiently and effectively across school. In addition, the Governing Body confirms that the Headteacher and School Business Manager are reporting the impact of best value for money systems.

Impact of Training

All members of the Governing Body have and continue to receive training. The impact of this is that the Governing Body remain cognisant of their responsibilities in relation to latest requirements and expectations, as stipulated by Local and National Authorities. Learning and actions from this training are shared at full Governing Body meetings and this has helped to inform the work of Governors.

Headteacher's appraisal

The Governing Body delegated committee, along with a Local Authority Advisor, carries out the Headteacher's annual appraisal; ensuring this is completed in line with national requirements. Targets are set annually against agreed criteria, and from which the Headteachers' performance will be evaluated. The impact of this is that Governors have a good understanding of the Headteacher's performance as measured against the [Headteachers' standards 2020](#). This allows us to look closely at the performance of the Headteacher, have discussions about areas of strength and, if necessary, those for development.

Other impact across the School

As Governors we commemorate the excellent work around school and provide challenge/support in areas that can improve and monitor progress in all areas:

- Link Governors have specific responsibility for specific areas of interest within school. Each Governor conducts meetings to review their areas and produce reports, which are shared with the full Governing Body. This makes sure that Governors have sufficient detail on which they can make informed decisions and can also raise important questions about standards where necessary.
- Governors have been able to develop clear understanding of the rates of progress and attainment of pupils in school through information provided by school leaders. The impact of this is that the Governing Body are aware of how well pupils are achieving and, where there are issues. Where issues are identified, challenging questions can be asked to ensure that any identified problems are addressed in a timely manner. This ensures that all pupils are given every opportunity to progress.
- Governors review all relevant policies on a programmed basis to ensure that all guidance is current and up to date. Specific attention is paid to ensure that the school complies with the Department for Education mandatory policy list and the Local Authority recommended list.

- Governors continue to monitor policies throughout the year including safeguarding policies. The impact is that all policies are kept up to date, parents and staff are very well informed about expectations and it also ensures compliance with statutory duties.
- Governors review the results from staff and parent surveys. This enables us to monitor the welfare of the staff to ensure that they are at their best in order to nurture the development of the pupils. The monitoring of parent surveys allows the school to identify strengths and weaknesses so that we can continue to improve.
- The Governors extend a continuous invitation for members of the School Leadership Team to attend Full Governing Body meetings and report on key areas of the SIP.

External evaluation

Engaging with external professional expertise supports the Governing Body in holding the school leaders to account. It further supports Governors in triangulating all sources of information and evidence it receives, as well as ensuring it fulfils its statutory responsibilities and maintains compliance.

Governing Body self-evaluation

Self-evaluation is a key aspect of effective governance and thus the Governing Body is committed to evaluating its own performance and the impact of this to enable the Governing Body to continue to develop and improve.

NB. This impact statement was approved by the Full Governing Body at the meeting on 8th May 2025.

Meet the Hallam Fields Junior School Governing Body 2024/2025

The Governing body is constituted as follows:

- Headteacher
- 1 x Local Authority Governor
- 1 x Staff Governor
